

learned from PC Rusaw – again told him not to blame others, told him that I would look at how he does it and confirm it was okay, but I was not showing him my way so that he could later on use it against me – talked to him again about how he commits people to answers so that he can blame them if someone else tells him differently – told him I was not playing his games and he smiled and said he was sorry – it was clear to me that he knew what he was doing and that I had figured it out

- Appeared very stressed today with deciding what tasks to do and when – explained the need to prioritize and not just sit around the office all day doing paperwork – need to have a balance

- didn't offer to back up his zone partner on a 911 call – admitted he heard the call but didn't think he needed to go – blamed it on past calls he saw on his shift where officers went alone to 911 calls – explained to him how each call his different, can't make a standard set of rules
- PC Jack asks me last name of recruit that I coached named AI
- stand-by keep the peace – he was unable to speak with the complainant or the homeowner so we attended the residence anyways – no one was present so he contacted dispatch and advised them to send the

complainant to get her belongings – told him to stop and explained that it was not logical at all to have someone take belongings without the other half present – told him we could not do it that way – said he understood now why it could be an issue – again tried to excuse his decision based on a previous call and what he had seen – we discussed how the details were different

- 2130hrs – told him he needs to be more proactive – spending too much time in the office on paperwork, also that he needs to improve on his driving, again told him to stop blaming others for his mistakes – told him mistakes are understandable but to stop blaming everyone else

### 18Sep09 - PC Nie

- at start of shift were sent to PD MVC - enroute were asked to attend MVC scene with zone partner who had impaired driver – he told PCC that we already had a call but would attend the impaired accident – I then made arrangements for other officers to cover the original call we had, PC Jack had no idea what everyone else was doing because he wasn't listening to the calls – I explained that one officer was doing a stand by call for us and now another was doing an MVC
- approximately 10 minutes from the MVC we were sent to a sudden death and he decided to re-route from the MVC but asked for another officer to take that call – I explained to him how if he was listening he would have known that there was no one else available – also that since we were closer to the MVC, we would stop quickly, get the drivers information and tell him the officer would call him later – he said he thought sudden death was more important – I agreed but explained he needed to be able to deal with both calls quickly knowing that EMS were already ahead of us to the sudden death as the call came from them
- at the sudden death, he was unable to gather basic information right at beginning from the park owner to relay to the Sgt who was on his way – showed him what was required for a quick update – the park owner had no idea what PC Jack was asking until I stepped in to clarify – it was his first sudden death call though
- when attending hospital he was having difficulty deciding where to park in an empty lot – very nervous/indecisive, couldn't use common sense to park near emergency - said it was because he had never been there before but agreed patients are always taken to emergency at hospitals
- when leaving hospital a kid on a bike with no lights and no helmet drove right onto road in front of us behind our zone partner who had just passed – it was dark so the kid couldn't see we were police – PC Jack braked hard and then continued on – we finished our conversation about the call and then I asked why he didn't stop the bike – I asked him if he knew the two offences and he did, but when I asked why no stop he said he wasn't thinking like a police officer mind set – told him he was working the full 12

hours and that he needs to be able to multitask – just because we're talking doesn't mean we can't stop to deal with an offence – confirmed that this now did not mean to stop every kid on a bike with no helmet or light, this was specific because he rode out in front of us – addressed multitasking skills again

- when back at office I told him to contact a fraud complainant that had called earlier in the night - as it was now 2330hrs or so, I told him to either explain that we would call back the next night at 1800hrs, or he could have an officer call her in the morning – I told him to take two minutes and quickly deal with it so we could work on the sudden death report, as he was already on overtime from his driving assessment – he spent over 20 minutes on the phone taking all the details of the call – told him that was not what I had instructed him – said he was not able to get her off the phone and I told him that he is the officer and can dictate how the call goes – be more assertive
- while driving to the sudden death call, he missed a turn because he relies solely on his GPS unit to get him to calls – I force him to read the map but he still inputs the address and watches the screen, often missing turns and having to circle back
- prior to writing sudden death report he said it won't be good because he is tired and exhausted – told him not to make excuses again because we have all been in the same situation and no one else says anything – especially new recruits

#### 19Sep09 - PC Nie

- Baker Street fraud call – the complainant was trying to tell him that we were no longer required and he didn't listen and just took a full report – he spent 45 minutes on a call that could have been 5 minutes – time management addressed
- Upon leaving, he observed a male pedestrian who he thought was drunk, in his words, because he was walking with a drink in his hand (Tim Hortons' coffee) – he drove past the male and rolled down my window which I stopped him and told him to get out to approach the male – he left the car completely blocking the northbound lane of traffic with no emergency lights activated – traffic was not busy but those that came had to go into oncoming lane to go by - his approach with the male was very interrogative and the man asked if he was doing something wrong by walking with his coffee (he was obviously concerned about why he was stopped) – spoke with PC Jack about vehicle position, lights, tactics, etc. then asked why he didn't make a notebook entry – told me that he was still going to but we were talking – told him that wasn't true as we were 15 minutes down the road – he said that PC Crowder had told him that he didn't need to make his notes at the time of the call and that other times PC Filman was three hours behind in his notes – I asked him what his normal procedure was and he just again talked about the other officers – I

sternly told him to stop playing games and to answer the question – When you stop someone for speeding, do you make your notes right away or drive down the road 15 minutes and then stop to do your notes. He got mad and wouldn't answer so I pushed again for a response and he said he was thinking – he then said that he does each method 50% of the time – I told him this was a simple exercise to show him when he should make his notes – he said he didn't want to lie to me and I told him once again he was trying to set things up to blame someone else and he nodded in agreement

- Shortly after we stopped a speeder – he told me he didn't know how to fill in the township or where to sign the ticket – I told him to stop playing games with me, that after 8 months on the job he knew the answers – told him to look on his map for the township if he didn't know, and I told him to sign the tickets the way he always had – he said that he had been showed two different ways – I told him that I knew he wanted me to tell him how he should do it just so he could blame someone else if it was different than what I taught – he chuckled at me when I said this – it was very clear that he knows the games he is playing and I assured him I would point this out every time it happens
- Met with Sgt. Butorac and PC Jack to discuss issues to date – PC Jack lists what he believes to be his problems: (1) Paperwork – learning police lingo (2) His mind is structured as independent from 8 years of office environment – doesn't see things as a team (3) Foreign language – he has never worked in the real world, only in academic environment (4) Not using his prior computer skills – thinks he was hired for them but can't use them (5) Indecisive with senior officers around him (6) feels under pressure – alone in this country, stress from being closely watched, living alone, has bills to pay (7) trouble looking at things from helping people vs. charging people perspective – police were bad growing up and he has to adjust his mindset (8) never failed at anything in his life – what is common sense for others is not common for him (9) low self-confidence as he is afraid of losing his job.

#### **20Sep09 - PC Nie**

- he asked me how to do a traffic report and provide the information to those involved – I told him to do what he was taught by PC Filman – again we discussed how it is completely inappropriate for him to set me up for a new answer to something he already knows and then blame another officer when it is different and he agreed – we discussed how there are several methods to provide traffic report information

#### **23Sep09 - PC Nie**

- PC Jack was served with an internal complaint about associating with undesirable people – he asked what he should do and I told him to call the association but I didn't want to know details
- Throughout the night he continued to bring up how he was not associated with those bad guys from the gym – he asked me if I remembered going to the Coffee Time the other night and that it was owned by a drug dealer – asked if I remembered him talking about that guy [REDACTED] who he said had gone to [REDACTED] - I said that I remember telling him I had heard that the owner was into drugs and that I had stopped [REDACTED] for a twelve hour maybe five years ago – he said that he knew all those guys before he was police and hasn't talked to them for over five years – he said once he was police and found out they were bad he stopped going around them
- We attended a call a 920 Kelly Blvd in Bridgenorth, the complainant, [REDACTED] immediately called PC Jack by his first name when we arrived and said "you don't remember me do you" - PC Jack said yes that it was from the gym and they discussed doing handstand push-ups – the complainant was very vague with his information about why he called and said "look Michael, you know all the history here so I don't need to get into it" – he then said that he knew that the conversation was being recorded – I stepped in and assured him that nothing was being recorded and the complainant said that PC Jack knew what he meant – I asked PC Jack was he was talking about and he looked very white and said nothing – I again told the complainant that nothing was being recorded – the brother of the complainant was arrested for prevent breach of peace after it was apparent to me that he would not calm down as he was drunk – I told PC Jack to arrest the male as I had had enough – at no time did he read RTC or Caution – when I brought it up 3.5 hours later he attempted to blame me saying that he was going to but I rushed him saying we needed to get back to the office quickly before the male damaged the cruiser – I explained that all he had to do was admit that he forgot but he kept trying to excuse it by blaming it on being rushed – I said if that was true he could have done it in the car on the way in or at any other time over the 3.5 hours – he said that he didn't do it there because he thought for safety the guy had to be in the car to read his rights because that is what he watched everyone do – again told him to just admit he forgot as that was better than to blame me for it – he just nodded his head but appeared angry
- He left to purchase gas and came back with a name on a piece of paper – he asked me if I knew that a Russian guy owned the Pioneer gas station – I said I had heard that and he showed me the paper and asked me to pronounce the name – I asked why and he said that he was in line to pay and noticed his name on his diploma – he said it was a Canadian version of the Russian name and again asked me to attempt to pronounce it which I did – he then walked away – very odd

24Sep09 - PC Nie

- stopped beside cruiser on shoulder in live lane of traffic – Highway 7 by Norwood – no emergency lights and traffic was coming up behind us
- upon entering EMS base in Norwood, PC Jack spoke with paramedic and had a short conversation which I was not present for all of it – when he left to go to washroom paramedic made symbol of a square and stated that “that guy can’t think outside the box eh?” something he picked up on within a short time frame – also kept rolling his eyes at me listening to PC Jack attempt to clear a call with someone on the phone and get details
- discussed with him the fact I had heard twice about the recording device – denied it outright and had no explanation for call from last night – said it was a mistake that the guy thought he knew him, confirmed he had never been to 920 Kelly before and did not know any history as [REDACTED] had stated – told him it bothered me that I felt like the outsider not privy to details that he and [REDACTED] knew but weren’t talking about – he said [REDACTED] was mistaken – I said I just was asking about what I heard and why he said it – PC Jack said he was probably just talking about police recording things in general and I said no, he was talking directly to you – again he denied knowing any history and had no explanation – told him if I ever found out he was recording me without my knowledge we were finished and he could find a new coach – told him the Sgt. was aware that I was talking to him about this – he became upset and said it was just another thing he was being threatened with – confirmed that I was not threatening him, just giving him facts as I saw them – he said he couldn’t understand why I was asking things, told him I was just connecting the dots that were in front of me and I wanted an explanation

#### 02Oct09 - PC Nie

- attended crime scene near Burleigh Falls – PC Jack advised he had never done one before and needed direction – he was given a crime scene log from the prior officers that he was relieving and was told to fill in the blanks with the appropriate responses as it was straightforward – at one point he asked if licence plates should be written down and people that passed by – he was given direction as to what I thought was appropriate or not – he then got out and showed me a copy of a log that he had found with instructions on what to do – I told him this was another example of him setting me up to tell him something different than what he already knew to do
- teleconference with Kent Taylor and Staff Campbell discussing the need for remedial driving
- family dispute call – PC Jack got to the point where he had no idea what to do and told the complainant that he needed to have me explain what to do because I was more senior and had better knowledge – he tried to justify it by saying that I knew more about banking and mortgages which I explained had nothing to do with the complainants questions – the son of the complainants girlfriend attended and was irate- PC Jack appeared

nervous and was very concerned by his words "oh no" when he saw the son punch his truck in the driveway - it was explained to PC Jack that I was not certain he felt confident to look after that situation had I not been there - it appeared it would have gone out of control quickly - he even needed direction at the beginning of the call to keep the involved parties separate

#### 08Oct09 - PC Nie

- near start of shift had to transport a prisoner to court - attended cell area with PC Jack, two other members of the shift were present as well - PC Jack had all dealings with guard and a female prisoner walking by without talking his gun off - began completing prisoner form for a release as opposed to a transfer - when he went to get our prisoner I pointed out his gun and he said he knew - I told him he didn't or he would have taken it off - also pointed out that he didn't search the accused - once at court he opened door and just let accused walk up to jail, did not do proper escort or take any control - when asked about this he confirmed he knew proper escort techniques but assessed the situation and felt the accused was compliant - told him never to defer from his training - said he didn't search because the male came from our cells, confirmed we had already talked about searching prisoners before - said that he missed the things in the cell because he said too many things were going on at once and he got confused

#### 12Oct09 - PC Nie

- when approaching a collision scene in Apsley, PC Jack was so excited that he parked on top of the evidence of the collision - only focussed on getting to the call, another officer was already there so he could have thought things through - talked about multitasking and how he needs to observe these things prior to destroying evidence
- while attending domestic call with unwanted male at residence, PC Jack chose to drive at less than speed limit, no lights or sirens - said that he felt getting to call minutes sooner would not help as the "headlock" and domestic were already over - explained to him about risks at domestics, etc
- asked PC Postma on air how fast he was travelling and how he didn't think he could catch up to him
- once at the domestic, he spoke with the victim and did not even check whether she had been assaulted or not - appeared unsure how to handle the information she was giving him

- when completing DVSR – he did it more like an interrogation than a victim report – when she was unsure of an answer he told her very firmly it was an important question and she needed to answer

#### 13Oct09 - PC Nie

- after leaving call on Indian Road, he approached a curve in the road and stopped completely – approaching vehicle wanted to turn across us but had no idea what PC Jack was doing
- traffic stop in Havelock – allowed car to pull in behind him then it turned into a parking lot – he stopped in live lane and put rear lights on – then let driver walk up to cruiser – discussed proper vehicle stops again – driver also pointed out that PC Jack did not complete proper stop at railway crossing stop light – with same driver, PC Jack asked to run plate and was told to stand by – when he was told to go ahead he missed the call as he was making notes

#### 16Oct09 - PC Nie

- stopped several cars along Highway 28 north of County Road 4 – had to discuss again several times about proper and safe vehicle position during stops – each time I would correct one issue he would fix it but a new one would come up – having great difficulty in assessing where to stop and how to stop vehicle safely – too much to consider all at once in his words
- while doing RIDE, had truck approach with MAR09 val tag – saw him look at tag when approaching then asked no questions about it and told driver he could leave – I continued with questions and told driver to wait, resulted in 1072 driver

#### 17Oct09 - PC Nie

- at start of shift, PC Jack advised we had a traffic complaint to go to but it was ten minutes old and vehicle was tailgating and passing unsafely, he then said he had to do log-on sheet because dispatch didn't have one – we headed to shift briefing and he appeared very stressed and informed OIC Postma that log-on was not done – he was advised to leave it for now and it would be sorted out by Postma as we needed to figure out zones as 4 people were off – PC Jack just sat there and stared at table appearing frustrated – when briefing was over he told me we had another traffic complaint and it was threats, someone gave another person the finger – I asked if there was a plate and description and he confirmed there was so I said we had better go – he got upset saying that he had to do the log-on

and raised his voice at me – I told him to relax that it was not a big deal, he could just ask someone else to do the log-on sheet – within 30 seconds Postma walked back in and asked PC Jack to do the log-on before we left if we had the time and told him three times what to log people on as including himself– PC Jack became obviously frustrated and started muttering things under his breath about being asked to do two things at once – he finished the log-on and walked out – I then took a call from PCC and the dispatcher said the log-on was all messed up – people were logged on as different zones and numbers as what she had been told by Postma verbally – I corrected the errors and spoke with PC Jack – he again became quite angry advising that he heard Postma's instructions but no one can be expected to handle three things at once – I explained that a log-on sheet and two traffic complaints were minor tasks, and that he wasn't doing them at the same time, he just needed to prioritize them – he said it was impossible and that he couldn't be expected to start assessing and formulating a plan for one thing and then have to switch to another – I told him to take a breather and start over – he said he had no idea what to do and that everything he did was wrong – we sorted out what he had heard with the traffic complaints – I then called back to dispatch to confirm and there were more details that he had left out – explained this is why I have seen he has difficulties listening, hearing, etc because he only gave partial information to me. I explained to him that if he can't handle more than one thing at a time than to tell me and I will make sure we just do one thing until he can handle more

- call for rollover with three suspicious youths on Burnham line – as he approached the scene obvious skid marks were observed in fresh gravel – he didn't slow down and drove right past the car in the ditch and the kids standing on the road – second officer on scene questioned why we drove past scene – when deciding where and how to turn around, he drove into a large pothole where the ground had washed out, inches away from rolling us into the creek at the side of the road
- when dealing with the youths, he just stood there and watched PC Clark – was unable to determine that he could assist by separating the youths as they were being evasive with Clark – he only did so when he observed me take one youth out of the group
- at threats call in Norwood with HBD male, he began questioning to assess whether threats existed or not – he was prepared to take complainant to residence without confirming the type of situation he was heading into – he knew the complainant was scared to go home because his girlfriend had told him the suspect was there – I clarified the details and then explained how we could take the complainant home to his private apartment, no threats were actually made, and we did not have to speak with the suspect because he was most likely passed out drunk (from prior info from PC Stimson)
- call on Old Norwood Road – we had to drive intoxicated male party to his residence – PC Jack was planning to drop him off at the end of his

driveway and let him walk to his house - then he said he would be polite and drive him to the door - then admitted to me that he did not intend on making sure the drunk guy was looked after by his parent

#### **21Oct09 - PC Nie**

- PC Jack attended MVC call alone on County Road 2 (he had started early and did not inform dayshift Sgt. that he was not to ride alone - he arrived at 2 car mvc at 1711hrs - not blocking lanes - called his coach officer at 1910hrs to advise he was complete - said delay was getting tow truck as he allowed involved party to call for tow for the victim instead of confirming himself - traffic report was not completed in this time frame as well - explained how this could have been done faster
- Discussed the lack of notes with him for call - no indication of damage, no diagram, no summary, no weather/road conditions - advised he had some of the details on the traffic report and it would be on his ticket - then advised he determined that it was not an important call so he didn't feel the need to waste time on very thorough notes

#### **22Oct09 - PC Nie**

- while having conversation on a teaching point, PC Jack observed vehicle he wanted to stop on Dummer-Asphodel road - told me to stop talking to him as he could not concentrate on both things at the same time
- PC Jack stopped five vehicles in the first half of the shift and gave out three warnings for speeding - two of the three were warnings because he said they were nice people, the third was because they looked poor and could not have afforded the ticket - the one speeder he did charge was a hockey scout driving a nice vehicle - told him not to discriminate about how people looked as a gauge on whether to give a ticket or not - said it was his discretion to make these choices - advised him that his choice better be because he was not confident with the speed of the vehicle rather than "she was nice" or "they looked poor"

#### **26Oct09 - PC Nie**

- abandoned m/v on 115 - PC Jack stopped cruiser in front of vehicle on a curve as he couldn't decide whether he should stop or not - finally made choice to stop and cut across in front of the vehicle then repositioned behind as better position for safety and tactics
- traffic stop on County Road 1 - 80km/h zone - stopped cruiser in live lane - said he was doing this for an offset - agreed he was not trained this on highway stops - caused long line of traffic stopped behind cruiser - while approaching the vehicle he appeared nervous, touching various radio buttons and light bar, then rolled down window completely - said he was

- unsure why he rolled down the window – all took place while approaching vehicle and trying to turn around
- vehicle stop on County Road 29 – felt vehicle was unsafe as indicator light on drivers side was missing at front – turned around and stopped vehicle – expired insurance, and driver had full plate of hot food on passenger side floor – appeared he placed it down upon stop – PC Jack missed hearing a radio call to his unit during the stop – appeared stressed by what to do with individual – advised it was clear he had no insurance and was going to write part III summons – explained to him that slip was only expired and to maybe clarify with driver – subsequent call to insurance company revealed valid policy in effect – no concern was given to the plate of food that was obviously going to be eaten
  - PC Jack attended Chemong RV for follow-up to theft occurrence RM09125442 – on July 13 he received a call about vandalism to a pop machine with the money being stolen – complainant called for information only and PC Jack took report but did not attend call – on August 18 he gets voicemail from cousin of original complainant advising there was a theft of his belongings from the same time – between August 18 and October 7 PC Jack plays phone tag with the complainant as he is a truck driver and PC Jack had vacation – on October 13 the complainant faxes a statement with a list of stolen items – PC Jack's first thought was that there was an insurance scam going on – he was asked why he never attended the incident location given the situation – how can you solve a theft without attending the call – his reason was that the original call was for information only, and the second call he could never get a hold of the complainant – he was made to attend the call on October 26 and spoke with the original complainant – the point of entry onto the property was located and the complainant advised that the grass was packed down like a trail at the time of the theft – the coin changer from the pop machine was still located in the back of the property – it was explained that the call could have been completed some three months ago had he just attended the call

#### 27Oct09 - PC Nie

- missed radio call while talking to person at collision scene
- call was on radio where night shift was looking for a stolen vehicle – PC Folz advised he had two people under arrest at Airport Road by train tracks – advised PC Jack of information and he said he heard – did not appear to be in any type of hurry to assist his coworkers – PC Pitts confirmed he was leaving at the same time – had to repeat location to PC Jack three times prior to even leaving the parking lot – encouraged him to move faster so we could help our partners and all it did was slow him down – he appeared very confused and could not deal with the lack of information on the call – wanted more details than just "go here to help the officers"

- dispatched to deer on road on County Road 4 – PC Jack advised there was no point in attending as roads department had already been advised – convinced him we needed to attend and found dead deer in the middle on the westbound lane – PC Jack removed the deer himself - discussed the need to attend as things may unfold differently than thought – can't count on others to always do our job
- collision with vehicles in an apartment building parking lot – PC Jack advised he would be charging the driver with Careless driving – he let at fault driver leave scene to attend court and kept her I.D. – after discussion explained problem with careless driving charge and the need to now return I.D. that could have been returned at the time
- disabled vehicle in turning lane on Highway 7 at 7<sup>th</sup> line Asphodel – two cars were facing each other attempting boost – PC Jack realized something was wrong but continued to drive right past the involved people – then had to return to his original position to be the safest – could not piece everything together when first approaching the scene – caused more concern as driving past problem at 5km/h
- drove past Good Life fitness club and PC Jack said “that's the gym where they say I hung out with the criminals”

#### **30Oct09 - PC Nie**

- advised that he was told to stay on OT on Tuesday night to take a prisoner to Kingston with PC Foster

#### **31Oct09 - PC Nie**

- spoke with Sgt. Butorac about evaluations – he advised that PC Jack volunteered to go on prisoner run on Tuesday – said he was “jumping out of his skin to go” – found it interesting given that he told me that he was told to go

#### **01Nov09 - PC Nie**

- PC Foster advised me that during the trip to pick up the prisoner with PC Jack that they each took a turn driving – he described PC Jack as “he is the worst driver that I have ever driven with”
- 0512hrs – dispatched to family dispute call where the caller has almost had their finger bitten off during an altercation – PC Jack described it as a high priority call when we were getting ready to go – he gets in cruiser and starts to look for location on map – County Road 2 – told him he knows where it is so we should be already driving as he has been on the road several times – PC Pitts also advised him to drive down Bensfort Road which he knows where that is as well – we proceed down the ramp onto the highway and he proceeds to drive approximately 75km/h – just prior to the first exit PC Pitts drives past us lights and sirens activated – PC Jack

then proceeds to accelerate very quickly and appeared flustered as he tried to activate the equipment – we were travelling down the off ramp at approximately 120km/h as he was trying to catch up to PC Pitts and I cautioned him to dump speed as it was a 90 degree turn – the tires made a loud squealing sound as they tried to maintain traction and we slid into the oncoming lane (no traffic) – the entire way to the call he attempted to catch up to PC Pitts – several times saying “oh God, and oh my God” as he could see that he was falling behind or losing sight of PC Pitts – the entire way I cautioned him about driving within his own abilities and not playing catch up to another officer – asked him why he would drive under the speed limit if it was such a high priority call in his mind – he said that he wanted to let PC Pitts go past on purpose so he could follow him to the call – I told him that was not true as he would have explained that to PC Pitts when he was beside us at the office, or on the radio at the very least – told me he couldn't think about it now as there was too much going on – as we approached the house you could see PC Pitts cruiser in the driveway and he drove right past the house and number – he would have completely missed it had I not yelled at him to stop – again appeared extremely flustered and overwhelmed

#### 05Nov09 - PC Nie

- PC Jack was coming back from driver training in Lindsay – in an unmarked cruiser in civilian clothes, no gun – he had asked Sgt. Butorac what vehicle to take and was told to use the unmarked – PC Jack failed to tell the Sergeant that he already had a conversation with me and the staff sergeant who told him to go in uniform in a marked cruiser if nothing else available – on the way back he did a rolling marker check on an expired plate – the dispatcher asked if he was stopping the vehicle and he said no that he was not in uniform – he then advised the vehicle was weaving and asked for another unit nearby – PLPS and PC Foster began making their way – he updated that the vehicle went into Sobey's parking lot, then looped around and came back out, then went to another parking lot – Foster and a city officer attended, PC Jack pointed out the car and then left – he did not tell them who the driver was – discussion was had between Jack and sergeant and coach – he set himself up to fail – shouldn't be calling in plates when in cruiser with no uniform – should have stopped car in lot if he thought it was a drunk – risk of doing so with no uniform – should have stayed to identify driver
- PC Jack staying late to work on case from earlier in week – was interviewing suspect – covered off two possible outcomes given the information he provided in the case – told him no matter what to not lay breach charge for keep the peace alone – get call at home from day shift that crown attorney freaked out over brief and gave it back to PC Paradis/D'amico – they laid 8 criminal charges – PC Jack was asked why he laid the one charge I told him not to as the court would freak out – said

he didn't remember me telling him not to though he remembered everything else about my instructions that day – told him I was really upset and pissed off – explained how lack of information once again led to incorrect advice and a huge problem as a result

- Reviewed statements with him – questioned why he never explained to me that victim had her head bashed on floor 4-5 times, or that she saw the accused drink alcohol – explained that these basic points would have led to different advice being given
- Explained to him that he no longer will switch shifts to not work with me – I will have to hold his hand through each occurrence in order to ensure things are done as asked – said that I tried to give him some latitude as he has 10 months on but now I can't

#### 09Nov09 - PC Nie

- PC Jack arrested male party for 253 while working with another officer
- Brought accused into cells though never advised me he was working on things – went to check on him and assisted with paperwork – told me he was going to release YO on PTA – asked when parent was coming and said they had left a message – reminded him of notice to parent and fact that he needed to release the kid to an adult – kid asked to lie down in cells, PC Jack asked my permission to do so – couldn't decide for himself – then let the accused go into cells with Jacket, belt and shoes on with laces – stopped the kid and then muttered something about searching him already and asked him if he put anything in his pockets since he was searched – I then pointed out he could not be in the cells with his Jacket, shoes, and belt – later confirmed that he had his notes complete, and all release documents were done – said he needed to stay as he told the mother he would be here when she arrived – told him there was no need for him to stay that dayshift could release – he then asked to stay for a learning experience and I told him no as he had done a release before – told him it was just an excuse to delay things so he could stay around – made him go to dayshift and ask for someone to release – as I was leaving he came to me and said we had missed a G2 charge – told him not to bother as the over 80 was good enough – he said PC McNab told him he had to lay it as well – said I wasn't telling him what to do but he could tell PC McNab thanks for the suggestion but all the paperwork was done – spoke with McNab the next night and he advised he only told Jack about the possible charge if he wanted it, not that he had to lay it

#### 10Nov09 - PC Nie

- attended family dispute call – son on probation for domestic assault had gotten into fight with his grandpa, then came to the family residence and was arguing with father and brothers – PC Jack spoke with involved parties – he removed father from kitchen (like a suspect) and then spoke with him in living room – after he was done he sat for a minute and then asked the mans permission to speak with me – the man appeared very confused as to why he would ask this – at no point did he ask about the status of the grandpa and if he was injured – upon going outside to discuss he advised he was going to arrest the male for breach of probation for keep the peace – told him I couldn't understand how he just was reprimanded for doing this yesterday as a result of his charge last Friday – how could he be doing this again with the same charge – asked him if he didn't learn something – said he needed to think for a moment – told him it was obvious he was uncertain what to do with the occurrence – had to tell him his options – he had also told the father that they could have a no alcohol condition placed on their son – told him he needed to correct this because he was telling them the wrong things – he denied saying it that way but just prior to leaving the father asked how they could get the condition added that Jack had talked about – explained to him that information was incorrect and we apologized

#### 13Nov09 - PC Nie

- during traffic stop on Highway 28, PC Jack stood in front of suspect vehicle making notes – discussed again how this was unsafe and that although they were seniors we had discussed proper safety concerns before
- during one vehicle stop he wanted to give an Alcotest – placed male in rear of cruiser without checking pockets – when he was asked to turn on the interior light to see the male he started pushing all the emergency equipment and shut off the lights while on the side of the road – took three attempts for him to get the correct light as he was so flustered – did not notice he had turned off emergency lights
- another point during the night we had a vehicle approach us in our lane – we were in left turn lane and vehicle was in our lane – PC Jack appeared very nervous, he recognized the car was in our lane but just moved over and let it go by – it was like he knew he wanted to do something but couldn't decide what to do – I told him to turn around immediately and stop the vehicle – when he did I noticed the car turned into a driveway – I pointed this out to him and he made a turn directly towards the ditch, about 150ft short of the driveway – when our tires touched the gravel shoulder he swore and drove up the shoulder until the driveway – this was all on Highway 7 – told him I would drive for a bit until he regrouped and got himself back together
- while driving down Birchview Road (60km/h zone) he was travelling at 90km/h – I pointed this out and he said it was a straight, clear stretch so it

was okay – discussed how he drives below the speed limit on patrol and to calls but this time was 30km/h over the limit

- told by PC Read that PC Jack had approached him and told him he had heard a rumour that he had more than one coach officer while I was coaching him – Read said he told him that I was his only coach the entire time
- I called PC Jack on his way home from work and asked him about who told him the rumours – said that he had “overheard this in one of his ears in passing in the constable room” – said he went to Read to confirm the rumours – told him I wanted to know who had said the rumour because I was going to deal with them too – he said he didn’t feel comfortable telling me because he didn’t want to get someone else in trouble – asked him what business of his he thought it was to ask Read this information – said he thought he was being honest by going to the source to confirm the rumours – he told me he would tell me in person on Friday who he had heard the rumour from

#### **13Nov09 - PC Nie**

- when walking into work met PC Duignan in parking lot – he told me that PC Jack had approached him and was all scared and upset that I had confronted him on who was spreading rumours and that he didn’t know what to tell me – said he told PC Jack to tell me the truth – PC Duignan said that he felt sorry for PC Jack and was just trying to give him some helpful advice – said that he had asked PC Jack for a ride home one day and they talked in the car – said that he told PC Jack that he heard he was having some struggles and that he should talk to PC Read because he thought he had some difficulties as well – PC Duignan said he was only trying to help and he hoped I wasn’t taken things any further – told him I appreciated him telling me what he did

#### **14Nov09 - PC Nie**

- had discussion with PC Jack about why he approached PC Read asking questions about his probation period - wondered why he had not approached me about it the night before when he said he would – he began to say that he thought I already knew because PC Duignan had talked to me – he stopped what he was saying before he mentioned Duignan’s name – I asked him if he wanted me to finish his sentence and I put Duignan’s name in and he appeared very nervous – told him that I had spoke with Duignan who told me that they were in a car together and had a private one-on-one conversation about things – asked why he told me he had overheard things in the constables room in one of his ears instead of telling me the truth – said he knew that Duignan was in “lots of shit” and he didn’t want to get him in trouble – asked him to explain why he would lie to his coach, the one person trying to save his job, and side with the

person who in his words was in shit – said that he was just trying to be honest by going to the source – he said that Duignan was the only person that provides him with emotional support and that's what he needs – told him I was sick and tired of playing games and could not stand it when I am being lied to – said that he thought he was being honest and was not trying to play games – told me I was making a mountain out of a molehill – said this was not the case when someone lies to me – he admitted he lied because I put him on the spot and didn't give him time to think of a response – then he said when he talked to Duignan that he suggested to tell me that he had just overheard things in passing and not to say where he had heard things from – asked him if I needed to give him notice next time I wanted to confront him with an issue and give him time to prepare an essay for me as a response - later he said "you say you are sick and tired of me – well I am sick and tired of being accused of playing mind games" – told him that was exactly what I was talking about – he was twisting my words to make me look bad – explained I never said I was sick and tired of him, just that I was sick and tired of the games and he agreed he knew what I meant – then he went on to say that people in their own countries are subconsciously biased towards people from other countries – said that we like to protect our own home and land from visitors – said when he first came to America that he hated Americans because they treated him poorly – said that as he stayed here longer he grew to like people but others did not like his accent and behaviours – said that we all are like that in our own countries – told him that I was upset that he could even suggest that about me and that if I ever heard that come up again I would lose my mind – said that I would not tolerate him accusing my of being biased towards him or his accent – said that he didn't mean me specifically just people in general – told him that I had been down this road before (briefly explained PC Chase) and said that neither I or my family needed this – gave him a brief account of the racism allegations that were suggested and how PC Chase told me that other officers were telling him to lie about me to save his job – PC Jack said he didn't mean to put me and my family in this position – told him again he was twisting my words – confirmed he understood that it was the other officers, not the recruit that had caused the problem – told him that I was the one trying to help save his job and it was very odd that he would lie to me – started to suggest that he had a sleeping disorder and that's why he talked to PC Read about his medical issues – told him again that PC Read's situation was none of his business and he should not have asked about it

19Nov09 - PC Nie

- Two hour meeting with Sgt. Butorac, myself, and PC Jack - PC Jack explained that he feels that when he is with me there is an axe above his head the entire time. He said it is a love-hate relationship - he loves my teaching but hates how intimidating it is to be in the car with me. He said that what I am seeing is not representative of how he would perform if he was alone. He said that he feels so much pressure to do things right with me that he screws up all the time. He then went on to explain the psychology of this and how when I point out the mistakes that he is making that everything is always negative. He said he does not have 100% trust in me for my motives - he said he feels that maybe I am documenting everything to cover my ass in case he is fired and there is a lawsuit that happens. He said that there were things written about him in the evaluation that were not true. When asked what motivation I had to lie he just nodded his head when I stated I had no reason to lie. He said that his biggest problem is me as I am watching over his every move - He was assured by both of us that we only had his interests at hand in attempting to help him pass. He confirmed he knew that but could not change how he felt. He was asked if he felt that if he was with someone else could he perform better. He advised that there was no point as a new person would have to learn all about him and it would be like starting over. He said if I was his coach from the start that he would not be in this position - he feels I expect too much from him and I said only what is expected from a recruit at their 11th month. He feels he would be at standard had I been coaching him from the start and that's why he is behind - The Sergeant explained to him that he has no choice but to work in this situation - that he is being watched by his coach. He acknowledged this but still felt he would be fine if by himself and not under pressure. It was re-iterated that stress and pressure were parts of the job and he needed to be able to perform under these situations as well. He commented how he forwards emails and work to his house so he can work on them without distraction, that there is always too much going on around him at the office and pressure to be out on the road. I told him this was exactly one of the points we were making - he has to be able to work effectively even with all the distractions

### 23Nov09 – PC Nie

- disabled M/V on County Road 2 – PC Jack stops to ask driver if she is okay and she states she has someone coming – he makes no inquiries about the vehicle and checks later in the day reveal it is now abandoned – could have prevented this if thought through
- stopped m/v on County Road 44 – elderly male seen without seatbelt – PC Jack misses seeing driver exit vehicle as he is distracted by turning on lights and finding his hat – coach officer points out that male is approaching cruiser – PC Jack discovers three offences – has trouble deciding which charge to lay and needs help making decision

24Nov09 – PC Nie

- mvc on Selwyn Road, tanker truck into ditch – coach asks PC Jack to go to south end of scene and block traffic so it can't come through the scene – he parks his cruiser beyond the intersection thereby allowing east and westbound traffic to turn in front of him and enter the scene – this was noticed by witnesses and tow truck drivers at scene along with coach – while at scene PC Jack advised he wanted to gather all the information and he had all the documents – told him to go sit in cruiser and complete forms as I would assist with removal of vehicle – I also had him call Sgt. Re ministry of environment – when I went to check on him after some time he said MOE had called but he told them to call back as he had no information and was busy with statements – confirmed with him that he already knew about spill as we had discussed this prior to him starting report – we then switched spots so he could be near the actual scene – he was very indecisive with what he needed to do and claimed he misunderstood instructions on where to park cruiser to block road – talked about why he wouldn't interrupt me to change positions as the MOE call was more important than a witness statement
- advised by tow driver [REDACTED] that PC Jack came to one of his scenes in the summer on Cty Rd. 507 – said he had placed brand new reflective cones along the shoulder to mark the scene as it was on a curve – as PC Jack approached the scene he proceeded to drive over each of the reflective cones destroying them
- advised by PC Pitts that PC Jack interrupted him while talking on phone saying that PCC was looking for him – this has been a regular issue from the shift that while on the phone with someone, PC Jack will wave at them or tap them on the shoulder to advise that PCC is calling them – it was explained to him that he needs to realize that he can tell PCC that the officer is on the phone instead of creating the interruption – again, decision-making

27Nov09 – PC Nie

- traffic stop on County Road 8 with back to traffic again – car was driving 55km/h in 80 zone for over 5 minutes, coach observed weaving as well – took all this time for PC Jack to then ask if he should stop the car – I told him that it would have been stopped 5 minutes ago if I was driving – indecisive
- observed PC Postma stopped with m/v doing field sobriety tests – PC Jack realized importance of checking if he was okay but then proceeded to drive right past – said he was just going to give the "thumbs up" gesture – had him stop and stay behind PC Postma for added protection as he was in lane of traffic for flat surface, and discussed potential for arrest and importance to stay instead of driving by – decision-making again

- when driving into Norwood near end of shift it was heavy traffic – at one point I looked up and noticed the car in front was stopped with brake lights on – we were still proceeded at 50km/h speed limit – I yelled for brakes and he slammed them on, causing us to lurch forward – he chuckled and said he saw the car was stopped that I didn't need to yell – I said "except for the fact we now have whiplash"

#### **28Nov09 – PC Nie**

- while stopped on side of County Road 6, elderly male parks behind us and approaches PC Jack on drivers side – he says that he saw us pull out of Little Chipmunk Drive and that he has friends who are in Florida and he looks after their house – he wanted to make sure we weren't at their home for something that was wrong – PC Jack was trying to tell the male to move in front of the cruiser for his safety but the male did not understand and continued with his story – it was clear that everything was fine and the male started to walk back to his car when PC Jack told him to wait so he could talk to the man – I told him everything was fine and he said he didn't have all the details about what was going on – I told him just to let the man leave but he proceeded to exit the cruiser – he came back shortly and said that he just wanted to move the male between or in front of the cars because it was safer as he had been taught – I told him that was correct however because he was unable to explain what he wanted in the first place to the man, he already had given PC Jack all the details and he was just making the situation worse – in 20 seconds I explained to him everything that the man said but PC Jack heard none of it because he was so focussed on trying to have the man move – couldn't multitask

#### **29Nov09 - PC Nie**

- PC Jack appeared to be in bad mood at start of shift (0500hrs) and I asked him what was wrong – he advised he did not get much sleep
- at 0620hrs PC Jack tells me that something is wrong, he is mentally not right to work – says he did not sleep very much and was sitting on his stairs at 0400hrs drinking juice and wondering if he should come to work – said he felt guilty because he was not physically sick but he was making mistakes in his notes and felt that something bad was going to happen if he worked – he asked if he could be an observer today and if I can do all the calls - I told him that it was okay to call in sick if he was not mentally able to do the work, and that I did not want a partner that was unable to focus for whatever reason and that he should speak with the Sergeant - I offered to go with him and he said that was what he wanted – we spoke to Sgt. Butorac and PC Jack gave the same reasons as above and added that he felt he was having a premonition for evil, that something would go

wrong if he was to work in this condition – the sergeant advised if that if he was unable to work because he couldn't focus or wasn't mentally right that he should go home sick which he did

Part A - Investigating Member		
Occurrence Location: Lindsay Rd, Smith-Ennismore Twp	Occurrence Time and Date: 30 Jan 2009 - 16:20	Vehicle License #: BCSA-679 01 : STANDARD PATROL VEHICLE
	Detachment of Occurrence: 1100 : PETERBOROUGH COUNTY	Vehicle Make and Year: FORD - 2008 CROWN VICTORIA
Operator: MICHAEL JACK	Badge No: 12690	Rank/Classification: PROBATIONARY
Odometer Reading/Hours: 165098		
Description of vehicle and equipment damage: -flat front passenger tire -passenger mirror torn off -right front quarter panel, behind tire - dented -front passenger door - large dent to lower half of door		

Part B - Operator
<p>Explanation of occurrence: PC M. JACK attempted to make a U-turn on Lindsay Rd in an attempt to turn around and stop a speeding motorist. PC M. JACK misread his U-turn, resulting in the cruiser nosing into the south ditch. PC J. GILLIAM was accompanying PC M. JACK. A passing motorist stopped to render assistance to the officers by offering to pull their cruiser out of the ditch. The motorist used his own personal rope to tie up to the rear axle of the cruiser which was still up on the shoulder of the road. PC JACK and PC GILLIAM got back into the cruiser and the passing motorist began to pull the cruiser.</p> <p>Instead of pulling the cruiser straight out of the ditch, the nose of the cruiser swung to the right, further down into the ditch. The cruiser began being pulled sideways through the ditch and struck a metal cautionary road sign in the ditch. PC JACK and PC GILLIAM were unable to get out of the cruiser to tell the towing driver to stop.</p>

Part C - Investigating Member		Started: 30 Jan 2009	Completed: 01 Feb 2009
<p>Findings: ACCEPTED BY CONDUCT PC JACK's driving inexperience as a police officer resulted in him initially nosing his cruiser into the ditch. The cruiser was partially into the snowbank and partially on the shoulder of the roadway and had sustained no damage. PC JACK's and PC GILLIAM's decision to accept the offer of the passing motorist versus calling a tow truck, resulted ultimately in the damage to the cruiser. This was poor decision making on their part. Also, by getting back into the cruiser while it was being towed, compounded the problem. The officers could not effectively see what was occurring, nor get the towing driver to stop as they could not get out of their cruiser. Spatial awareness was also low, as the nearby sign did not come into their decision making process. Although PC JACK was not "driving" the cruiser, this collision is deemed to be preventable.</p>

## Crown Brief Synopsis

R Vs. [REDACTED]

Accused: [REDACTED]

OIC: P/C Michael Jack, Badge # 12690

Charge: Criminal Harassment - threatening conduct Sec. 264(2)(d) CC

Date / Time: Between September 10 2007 and July 23 2009

Location: [REDACTED]

History: [REDACTED] and [REDACTED] owe [REDACTED], who is [REDACTED] brother, approximately CA \$100,000. The money was borrowed to purchase and develop a Fife 's Bay marina between the years of 1990 and 2005. [REDACTED] owned and operated the marina until 2005 when the marina was lost to a power-of-sale. In the fall 2006 [REDACTED] signed off his mortgage on the marina thus leaving his money unsecured. On September 09, 2007 there was a fire on [REDACTED] farm and the barn where the marina equipment was stored burned down. The barn was underinsured and approximately half-a-million dollar worth of marina equipment, including all the records, were lost in the fire. The day after the fire [REDACTED] demanded all his money back and reportedly has since been engaging in various forms of threatening and harassing conduct towards members of [REDACTED] family.

Synopsis: Immediately after the fire [REDACTED] banned [REDACTED] family from coming over for Christmas and for other family gatherings, which were normally held at their father's place on [REDACTED]

In the fall of 2007, [REDACTED] phoned all [REDACTED] relatives to tell them how bad and unkind [REDACTED] were.

Since September 2007, [REDACTED] has taken [REDACTED] to civil court for frivolous things even after he had been told they were passed the statute of limitations.

In June 2008, [REDACTED] sent a letter to the local township stating that [REDACTED] had a non-conforming building.

In May 2008 and in the fall of 2008, [REDACTED] sent two letters to the Ministry of Environment stating that [REDACTED] were taking contaminated soil from the marina and putting it on their farm.

In January 2009, [REDACTED] attended [REDACTED] former place of employment at

[redacted] and spoke with the secretary [redacted] about [redacted] [redacted] left [redacted] frightened and concerned for [redacted] safety. [redacted] subsequently advised [redacted] to get a peace bond against [redacted].

In April 2009, [redacted] accused [redacted] of stealing his boat motor from his house. City of Kawartha Lakes OPP officer subsequently attended and searched [redacted] farm buildings. Nothing was found.

In July 2009, [redacted] mailed at least 7 registered letters to the immediate members of [redacted] family with old family pictures in which [redacted] faces were blacked and/or cut out as if they did not exist anymore.

[redacted] was the God father of [redacted] and in one of the letters, [redacted] returned his Godparent certificate back to [redacted] with an X drawn through it with his initials on it.

[redacted] has taken pictures of [redacted] farm without their consent.

[redacted] has been sitting in his truck at the parking lot at [redacted] place of employment, at times parking right in front of her and staring her down.

[redacted] harassing actions have been escalating and they seem to be going to the dark side. The past couple of years have been both painful and emotional for [redacted] family and [redacted] has been seeing a psychologist to help in dealing with the stress.

[redacted] believe that [redacted] is unstable and are frightened of him.

[redacted] has a black belt in Taekwondo and is the registered owner of 16 firearms.

On July 20<sup>th</sup> 2009, [redacted] filed for bankruptcy and were very concerned what [redacted] might do when he got the bankruptcy notice. [redacted] family feared that when [redacted] got the bankruptcy notice it would be a breaking point and he was going to get physical.

**BENCHMARK:** No

**COMPLAINT:** On Thursday, June 23rd, 2009 at approximately 13:00 hrs, the complainant [REDACTED] and her husband, [REDACTED], walked into the Peterborough County O.P.P. detachment to report a harassing conduct by her brother, [REDACTED] over a period of almost two years. The complainant wished to speak with an officer.

**INCIDENT LOCATION:** [REDACTED]

**HISTORY:** [REDACTED] owe [REDACTED], who is [REDACTED] brother, approximately CA \$100,000. The money was borrowed to purchase and develop a Fife 's Bay marina between the years of 1990 and 2005. [REDACTED] owned and operated the marina until 2005 when the marina was lost to a power-of-sale. In the fall 2006 [REDACTED] signed off his mortgage on the marina thus leaving his money unsecured. On September 09, 2007 there was a fire on [REDACTED] farm and the barn where the marina equipment was stored burned down. The barn was underinsured and approximately half-a-million dollar worth of marina equipment, including all the records, were lost in the fire. The day after the fire [REDACTED] demanded all his money back and reportedly has since been engaging in various forms of threatening and harassing conduct towards members of [REDACTED] family.

**INVESTIGATION:** On Thursday, June 23rd, 2009 at approximately 13:05 hrs P/C Jack took a video/audio recorded sworn statement from [REDACTED]. In the provided statement [REDACTED] indicated all of the above. The complainant initially declined to lay charges and wished to wait for a day and attempt to resolve the matter within the family. The [REDACTED] left Peterborough County O.P.P. detachment at approximately 14:20 hrs.

At approximately 18:00 hrs [REDACTED] attended Peterborough County O.P.P. detachment and decided to go ahead with the charges of Criminal Harassment against [REDACTED] brother [REDACTED]. At this time P/C Jack obtained signed written statements from [REDACTED] and [REDACTED] in which they advised of their concern of the [REDACTED] conduct and their fear for their safety.

On Friday, July 24th at 10:25 hrs P/C Jack spoke with [REDACTED] on the phone. [REDACTED] advised P/C Jack that they and their daughters had just received a total of 4 letters by registered mail from [REDACTED]. In the letter received by [REDACTED] there were more family pictures with [REDACTED] faces blacked out.

At 15:09 hrs P/C Jack was able to locate [REDACTED] and spoke with him on the phone.

P/C Jack advised [REDACTED] of the complaint against him and requested him to attend Peterborough County O.P.P. for investigation. [REDACTED] advised he was going to attend in half-an-hour.

At 16:32 hrs [REDACTED] attended Peterborough County O.P.P. detachment and was arrested for Criminal Harassment.

At 16:55 hrs P/C Jack released [REDACTED] on a PTA with an OIC Undertaking with the first appearance date on Thursday, 27th of August, 2009 at 09:00 hrs.

At 17:03 hrs P/C Jack asked [REDACTED] why he mailed old family pictures to [REDACTED] family members with [REDACTED] faces blacked out. [REDACTED] advised P/C Jack that he should have probably not done that and should have just burned them. Remarks:

---

Almost two years ago we started having family problems with my brother [REDACTED]. It is over money. We owe him money and it has been a constant form of harassment. He has been a thorn in our side.

In 1990 we bought a marina and [REDACTED] lent us some money for it. We have since have been making payments and in 2005 we decided to develop marina and it went amok. We lost the marina to a power of sale.

Since that time we moved all our belongings into a barn on our farm

On September 9<sup>th</sup> 2007 our son was welding his truck and the barn just caught on fire and went up very quickly. We lost approximately half-a-million dollar worth of stuff in the fire.

The day after the fire something just triggered in [REDACTED] that he wanted all of his money back. He assumed that we would get a whole whack of insurance money, but we were underinsured. Ever since then, he has not been speaking to us, but he has been harassing us. He has been staking me and sending letters, and just today my daughter received this stack of letters with [REDACTED] and my pictures blackened out and/or cut out.

In this time period he has also tried to get us through civil court, but it is not working for him, so his anger level has been escalating.

He has also tried to get us through township and other government agencies like the Ministry of Environment.

He sits at my work sometimes. He is unstable and I am frightened of him. We borrowed about \$130,000 in the beginning back in 1990. Then we borrowed few extra amounts throughout the years. We lost all our records in the fire so we do not have any accurate records. We think we owe him somewhere around \$90,000 to \$100,000. That is what we reported to the bankruptcy people.

The harassment started the day after the fire. He came over and made a stupid comment about my son losing his motorcycle in the fire. I replied with a sarcastic note, which I cannot recall, but it was unkind. He lost his switch and he stopped talking to us. He demanded his money back. The insurance was in our

son's name [REDACTED] did not care whose name it was in, he just wanted the money.

Everything was fine before the fire, and then as if a switch was flipped, he changed overnight. Prior to the fire, he had been unkind to other family members, but never to us.

[REDACTED] has sent letters to the township saying that we have non-conforming building. They have come out and inspected it and it was fine. We do not know what he was trying to accomplish. He wrote a letter to the township twice.

In the spring 2008 and in the fall 2008 he phoned the Ministry of Environment saying we are taking contaminated soil from the marina and putting it on the farm. We had the MOE down doing tests and inspections.

He has taken us to court twice for frivolous things because he knows he has no claim with the hundred thousand dollars because it is really tied to the marina.

Prior to the fire, there was something else that must have gotten him worried. We were the first mortgage on marina. My father was the second mortgage on marina because we borrowed money from him [REDACTED] was the third mortgage on marina. When we started to develop marina in 2005, my father and [REDACTED] both signed off on the mortgages. I think he must have felt he made a mistake signing off on the mortgage and that got him worried.

After the fire he banned us from coming over for Christmas and for other family gatherings.

He is just tracking us, which is odd. He sits in front of our farm and takes pictures.

He spied on our oldest daughter [REDACTED] and our youngest daughter [REDACTED]. He just goes and stares at them and intimidates them.

We have not spoken with him since 2007.

He has written and phoned to all the relatives saying what kind of bad people we are.

He disallowed me to see my aunts and uncles.

He was the god father of one of our children and he sent this certificate back with an X drawn through it.

His actions seem to be escalating and it seems to be going to the dark side.

Our daughter got 2 or 3 envelopes from [REDACTED] and we got 3.

[REDACTED] has gone to [REDACTED] old places of work and phoned his friends trying to tell them what kind of bad person he is.

Our main fear is that he is going to a point where he is going to get physical. He

has a black belt in Taekwondo. He has twenty guns sitting in his house, he is a hunter.

When he gets a bankruptcy notice in a short while we feel that it will be a breaking point and he is going to do something. He should be receiving the notice by the end of next week. We are certain he should receive his letter that we filed for bankruptcy.

One of my sisters advised us to seek help from police to put an end to it because he is not dealing with it in a mature sound way.

All we want for him to take a different route to work, stop sending mail to us and our daughter.

He does not have a course of action at this moment. His only course of action is his anger.

Our faces on the pictures are blacked out as we do not exist anymore.

Remarks: CFS results received and reviewed with crown

---

On 15MAR10 PC Nie received the final results from CFS in relation to the case. An initial report was completed that was dated 23FEB10 and signed by Forensic Toxicologist Jean-Paul Palmentier - CFS File No. 09-10793 JPP. This initial reported confirmed that 2ng/ml of Tetrahydrocannabinol (THC) was found in the blood sample. There was no alcohol located in the blood sample.

An amended report was completed on 11MAR10 and forwarded to PC Nie. It stated that the initial report had been sent out with analytical findings missing from the original. The amended report would now reflect this change. The amended report include a second item found in the red blood cells. The sedative Bromazepam was located - it is a prescription medication that is used to treat anxiety. The report stated that further analysis could not be completed as there was insufficient sample to do this. Therefore, no exact amount could be determined. As a result, only a general opinion about the effects of this drug could be given and not a concrete answer for this specific driver and collision.

The toxicologist confirmed with PC Nie that the amount of THC detected was consistent with [REDACTED] having smoked a joint of marijuana the night before the collision as he had explained in his statement. The toxicologist also advised that it would not be an amount significant enough to cause impairment.

On 16MAR10 PC Nie met with Crown Shonagh Pickens. As a result of the information received from CFS it was agreed that no criminal charge would be laid as it could not be proven beyond a reasonable doubt in relation to any impairment by drug.

On 19MAR10 PC Nie met with Provincial Crown Andrew Fordham. The case was reviewed and once the Reconstruction report was completed a decision on an appropriate HTA charge would be made.

swerved back into his lane. Upon observing this maneuver, the bus driver swerved to avoid a collision and both vehicles collided almost in the centre of the roadway.

PC Downs and PC Blackman attended to complete a reconstruction of the collision. During inspection of the vehicles, some items were discovered inside the pickup truck. Two small Ziploc bags of what appeared to be marijuana residue were located in the glove box area in front of the passenger seat. In the rear of the pickup truck behind the passenger seat, a set of coveralls and a winter jacket were located. Upon checking the pockets PC Blackman located a small Ziploc bag containing what appeared to be marijuana bud. This was seized by PC Jack and upon returning to detachment was found to be approximately 2.3 grams in weight.

At 0947hrs Keith Jamieson attended from the Ministry of Environment to view the scene. He liaised with the bus company owner, [REDACTED] and discussed how the area would be cleaned after the bus was removed.

At 0955hrs Jason Brydges from the MTO attended and completed a mechanical inspection of the school bus. He reviewed the log book and after checking the bus found no visible defects other than the damage from the collision.

At 1107hrs Neil Wilcox from Environmental Solutions attended the scene at the request of the insurance company for the bus company. Frank Crowley, of Berlett and Leonard Insurance Adjusters attended the scene as well on behalf of the bus company. A second company, Detox Environmental, attended with Wilcox to assist with the cleanup. Drain Bros. was then sub-contracted to bring equipment to remove the contaminated soil and replace it with clean top soil.

At 1353hrs the pickup truck was towed to Fitzsimmons garage at the request of PC Downs and followed by Sgt. Butorac. At 1422hrs seal #2G04101 was placed on the garage door pending a mechanical inspection.

At 1358hrs Wayne's towing removed the school bus and towed it back to Ellwood Hamilton Bus Lines yard.

At 1523hrs the offices left the scene and the road was completely re-opened.

A check with Sunnybrook hospital at 1630hrs revealed that [REDACTED] had just finished surgery and was in critical but stable condition.

Investigation continuing and further witness statements to be taken.

Remarks:

**BENCHMARK:** No

**COMPLAINT:** PC Neamtz while enroute to a paid duty eastbound on Highway 7 came across a collision that had just occurred and contacted PCC requesting assistance.

**INCIDENT LOCATION:** Highway 7 west of the 8th Line of Asphodel, Asphodel-Norwood Township

**HISTORY:** N/A

**INVESTIGATION:** At approximately 0630hrs PC Neamtz was enroute to a paid duty in Havelock when she came upon a collision scene in which the entire highway was blocked. A 1999, red Dodge Dakota pickup bearing Ontario licence #851 7XR was positioned eastbound in the westbound lane. The damage consisted of the front end being smashed inwards completely with parts of the engine, etc. all over the ground. Oil and other fluids could be seen leaking from under the vehicle. The drive shaft and spare tire had also been torn from the vehicle and were spread across the road. The driver of this vehicle, [REDACTED] was trapped in the vehicle and was being removed by fire and paramedic personnel.

The second vehicle involved, a 2010 yellow school bus with Ontario licence #BN5 315, owned by Ellwood Hamilton Bus Lines, was positioned facing southbound in the ditch on the south side of the road. The bus had 42 students and 2 teachers along with the driver, [REDACTED]. The damage to the bus consisted of the front end being smashed to the extent that the front bumper and shroud of the bus had been torn off. The fuel line had been punctured while entering the ditch causing approximately 70 gallons of diesel fuel to spill into the ditch. The Ministry of Environment was contacted as a result.

At 0650hrs PC Nie and PC Jack arrived at scene to assist. Sgt. Butorac was notified and attended as well. Arrangements were made to had traffic rerouted around the collision scene by using the 7th and 8th Lines of Asphodel.

The driver of the pickup truck was transported by EMS #4508 to Highway 7 and County Road 38 where he was airlifted to Sunnybrook Hospital in Toronto with life-threatening injuries. Paramedics at the scene advised that his leg had been severely crushed as a result of the impact.

Three students, [REDACTED] and [REDACTED] were transported to Campbellford Hospital by EMS #4513 with minor injuries. Three more students, [REDACTED] and [REDACTED] were transported to Peterborough Regional Health Centre by EMS #4500 with minor injuries. The bus driver, school teacher [REDACTED] and one other student attended hospital with minor injuries as well.

Information received from several witnesses at the scene indicated that the driver of the pickup truck, for an unknown reason, crossed the centre line onto the eastbound shoulder and then

### NARRATIVE ( Incident # Optional )

Inc # SP09164458, SP09175128, RM09092516

#### Background:

As a result of many discussions, emails and directives shift supervisors were to monitor and screen Crown briefs of their members prior to them being submitted.

In July 2009 it was stressed again the importance of Shift supervisors reviewing the briefs and ensuring they contained the required information to warrant charges and provide proper disclosure as the Court Office would be reduced by one member. This would make it all the more important that shift supervisors review members work.

In August 2009 Cst. Mike Jack had been identified by his supervisors as having many issues including his job knowledge as related to federal statutes.

Again increasing the diligence required in the review of his work.

In this time frame Sgt Flindall had received an email from the Court Officer advising of short comings of a Crown brief submitted by the member. Not having reviewed the briefs I spoke to Sgt Flindall about this on the date the message was sent. Sgt Flindall advised he had reviewed the matters and it was simply a issue of the style or wording of the synopsis and he would look at it but the matter was a legitimate charge.

## GENERAL INFORMATION FORM

It was not 15 minutes later Head Crown Attorney Brian Gilkinson contacted me to complain not only about the two briefs listed but a 3rd brief that has been the result of an ongoing complaint and neighbour dispute between two residents of Emerald Island and also a letter from the local MPP to the Solicitor General and our Professional Standards Bureau. Mr. Gilkinson was very clear that grounds did not exist for charges in any of these cases and the person who submitted them did not know the elements of the offences.

Sgt Flindall was to oversee the creation of an information brief concerning the possibility of the OPP laying charges of Criminal Harassment in this case.

In addition to this I from the direction of the Detachment Commander reviewed all incidents involving the two parties and reviewed each and every recorded RMS report on the OPP system but the City of Peterborough. In addition I met with one of the complainants and reviewed the case with him. During this review the complainant asked that the DVD statements given to the OPP be viewed by the OPP as they eluded to more evidence that the summary printed on RMS for the information brief. As a result of this request Sgt Flindall was requested to review these DVD's as well.

On the 31st of August 2009 Sgt Flindall advised he was too busy to review the DVD's while working the weekend.

Cst Jack is a probationary officer and by Sgt Flindall's own admission the briefs were lacking and ultimately he was the person responsible for review of the submissions prior to them being submitted.

Attached are Sgt Flindall's comments in relation to work completed by the member.

"I have reviewed all of the documentation and correspondence, including emails from Ron and Brian who have summed up the situation perfectly. I am in agreement that there is simply not enough information to proceed with a criminal harassment charge at this time. In review of PC JACK's statements, not only in this matter but a few other matters I am reviewing, he has done a poor job in attempting to elicit the basic required information that one would expect to garner from victim/witnesses. I can only chalk this up to inexperience. "

Aggravating to me is that this duty entrusted to Sgt Flindall was not done but in addition to my own scheduled duties I have provided at least 12 hours of my time which should have been completed by him.

I was also able to review the briefs on 31 August 2009 and found that should they have been reviewed it was obvious the briefs lacked information, and corroboration.

The following information was provided by the Court Officers and Crown.

ROB - I have not dove in totally in this file, but see a couple issues that need addressing right away. PC JACK is the OIC.

SP09164458

1 - brief jacket says "no" record, yet inside the pkg there appears to be a record with a couple of convictions. It appears solid, but I did not see the cni page that would contain the acc fps to verify this is HIS record. Also, its in French. We might want to take the initiative to translate it in writing into English??

2 - we seized firearms under 117 and have filed a return to jp. I see no indication of a "WEAPONS PROHIBITION" application under 117. we have 30 days to file that application from the date of the seizure, or we have to give the guns back. Date of arrest is 24jul09.

## GENERAL INFORMATION FORM

**Re: Constable Michael Jack**

**To: Staff Sergeant Campbell and Sergeant Flindall**

**Hello Ron and Robert,**

**May I respectfully suggest that Constable Jack needs some guidance?**

**I am seeing a bit of an ongoing pattern in his work that raises concerns.**

**Referring to the most recent file on an accused, William Stephenson SP09173128.**

**First Appearance is August 27.**

**I got the Information sworn this morning. Following which, the file was returned by CAO staff to the OPP Court Office to be reviewed.**

**There are apparently five witnesses and one complainant.**

o **The statement of the complainant is not present in the file**

o **Notes: Copies of notebook notes with author unknown ( however, probably Jennifer Payne. I will label as probably a simple oversight on her part)**

**Perhaps of more concern are deficiencies in the synopsis of the circumstances. I am wondering if it might be appropriate for Constable Jack to inform the reader who the players are? There are five witnesses indicated in the witness list and one complainant, none of which are identified in the synopsis.**

**The synopsis, as you will see, concludes with " Then Connery's family and friends went to the main office to see the resort manager who contacted the police."**

**This synopsis lacks the basic principles of the conclusion i.e. the arrest . Who, What, Where, When, How and Why.**

**Similarly, in the case of John Williamson SP09164458, the synopsis in this case contains a significant amount of irrelevant information. There is little provided on the allegation of Criminal Harassment. In fact, I got the Information sworn yesterday, however in review, I have a very uncomfortable feeling about it and will discuss it further with the CAO as the file has been forwarded. I have read this synopsis more carefully and I would go as far as to suggest the charge of Criminal Harassment should be withdrawn on August 27. I will let a CA review.**

**Sergeant Flindall, may I ask you to view the two occurrences and to consider my thoughts.**

**William Stephenson SP09173128**

**John Williamson SP09164458**

**Thank you,**

**Bob**

**This is to acknowledge the brief you submitted for review by this office. You requested that it be considered in determining whether or not charges are justified. This brief does not constitute a Crown brief capable of doing so at this point. Consider the following:**

- 1. the synopsis makes a series of statements of conclusion about what Mr. Anderson has done in the past.**
- 2. the video statement summaries of Julie Woodhouse and Jeffrey Standaert are similar.**
- 3. the witness statements provided by Mr. Standaert are either character references for him or are so vague in the incidents they describe that they can not be related to any specific allegation stated in the synopsis.**

**You need to define the complaint(s) of illegal behaviour and then investigate to see if you can obtain evidence that relates specifically to each of those complaints. This evidence needs to include more than just Mr. Standaert or Ms. Woodhouse. They will be viewed by the court as adversaries of Mr. Anderson and as such their evidence will be tempered, as will his, by the fact that they all have "axes to grind" in making the other side out to be the culprit.**

## GENERAL INFORMATION FORM

Therefore, in addition to defining the complaint(s), you need to analyse the assertions of the complainants and identify areas where you should be able to find other evidence to confirm or refute the complaint(s).

For instance, with regard to Mr. Standaert's statement:

1. narrow down the "one point" he saw Anderson prowling by night. There must be police records that prove the date if there was a police warning given to Anderson or to refute the allegation of Standaert if it did not happen. Get a statement from the officer involved as to all that was said and whether or not there was evidence that justified the warning. Secure all evidence/statements that can verify the incident.
2. identify who at Standaert's place of employment received calls from Anderson, how many were made, when and what was said. Who from the PLCPS cautioned Anderson and why? Get all possible evidence /statements/records to verify the incident(s). Remember it is the repeated nature of any type of harassing conduct that makes the case. You need evidence to establish that.
3. the children should have been able to see Anderson taking pictures. While they are not truly independent, they are still witnesses. I need further information regarding the court appearance you refer to and those that were involved. Some times and dates would help. You can contact court services for a check of their records if Standaert can't help.
4. The allegation of Anderson delivering mail to Mrs. Standaert and then attempting to force his way into the house has no flesh to the bare bones statement. Was she the only witness? What was said by both parties? Do we know why Anderson would have delivered mail to people he so obviously, on their evidence, wants to bother? Were any admissions made to others afterward that verify his visit there?
5. You need to take the same approach to each and every assertion of fact in the synopsis or in a statement made to you.

This will involve checks with the township personnel, neighbours, Standaert's employer (MNR), other officers all with a view to corroborating any allegation that you feel constitutes an offence. This office will be more than happy to assist in prosecuting offences where a thorough investigation has been done and charges are deemed warranted, however, there is precious little in the material you have submitted that will discharge the Crown's burden of proof at a trial. We cannot afford to waste trial time on a tag team match between the Andersons and the Standaerts and Woodhouses. Too many allegations have flown back and forth, including the prior charging of Mr. Standaert before there was clear and cogent evidence that he had committed a criminal offence. Any charge based on his complaint now will be viewed by the Andersons, and perhaps the court, as payback. There is a natural tendency to avoid these messy neighbour disputes in the hopes that things will calm down. That leads to a lack of thorough and corroborative police investigation and a response from the Crown that if there is no independent evidence distinguishing the good guys from the bad guys the case will go nowhere.

Do not suggest to the Standaerts that the Crown will not prosecute their complaints. That is not the reality of the situation. This office will prosecute any complaint, including theirs, if the investigation can be viewed as thorough and corroborative of those complaints. Without that type of investigation judges will castigate the Crown for what it did not do to assist the court in coming to conclusions beyond a reasonable doubt.

Brian Gilkinson,  
Crown Attorney

In my view Sgt Flindall does not demonstrate in these examples KSA of his position nor has he monitored the outcome of his delegation effectively.

I just spoke with PC Pollock, who did have JACK ride with him yesterday. As with the first officer, JACK made it a point to take Pollock into his residence and show him his collection of firearms. PC POLLOCK is standing beside me, echoing the concerns as to why this recruit made it such a point to show off these firearms.

JACK is looking for more ride-alongs, and the officers he's been out with feel it would be appropriate if a supervisor or current Coach Officer were to go out with him and see if the behavior remains consistent, and see if other independent officers have similar concerns.

Sgt Rathbun.

S/Sgt Campbell: On one of our recent shifts I met a gentleman who is apparently coming to our detachment from the next recruitment class. He did a ride-along with our shift and I would like to talk to you about some concerns that have been raised.

Apparently he is a Russian male who has also spent time in the Israeli Army, with the name of Michael JACK (DOB: 16 Dec 1972)

In my short encounter he made a comment about how he likes guns.

He commented about guns continuously during his ride-along. He apparently has 32 registered guns. His obsession with guns was quite disturbing. He also mentioned the persons he killed (shot) during his time in the Army. The officer he rode with will make notes with all concerns, should this be required.

A concern by the officer was what the result would be in making command staff aware of an officer's "instincts" that were a bit "hair raising".

As I was being told, I felt that these points should at least be looked into or brought to the attention of our recruiting department.

I understand this recruit may be riding with PC Pollock today (05 Aug 2008).

Sgt Rathbun
